THE VAULTS OF WISDOM

Plan well before you take the journey. Remember the carpenter's rule: Measure twice, cut once.

Wisdom Global School is not just a building. We have instead tried to create a temple dedicated for learning. As priests to this temple of academic excellence and personal development, we understand that education plays a very important role in the development of a child as a human being.

It is with this idea in mind, that the school has been laid out in an elegant manner, to provide an environment where both learning and fun can go hand in hand. While the atmosphere and ambience is conducive to learning, and an extensive amount of modern facilities have been provided, neither function nor form have been compromised. Striking in its appearance, the structure therefore exemplifies the Wisdom Global School's understanding of education. We believe that the next generation of heroes will find a sense of orientation here, and a feeling of being at home

www.wisdomglobalschool.in

From Chairman's Desk

Brijvir Singh

Chairman - Wisdom Global School

> "Knowledge will bring you the opportunity to make a difference"

School is a platform, where the students prepare themselves to face the world, and Wisdom Global School has endeavored to groom the children in such a way that they can face the complex situations and challenges of life with confidence. We provide a plethora of activities for the all round development of our young learners and have these to channelise towards creativity and self-actualization.

Our aim is to pursue "Excellence in Education" which we try to achieve by incorporating and using the latest innovative methods of teaching by providing state of the art facilities.

Our aim is to help children develop the potential of our future citizens. A tremendous amount of care and nurturing goes into physical, mental, cognitive, emotional and spiritual development of a child. Modern and innovative teaching methodology steadily unfolds a child's true and inherent potential. The secret of entering the innocent mind of a child lies in the art of caring, giving and understanding the essence of purity that a child possesses.

We are proud to share that this is the kind of education, that is being imparted at Wisdom Global School, undertaking the responsibility and commitment to produce successful, responsible and proud citizens as the future of our nation.

From Director's Desk

Amar Singh Ahlawat

Director - Wisdom Global School

> **Developing people through quality learning to achieve Excellence in Education**

In a world where children are exposed to myriad choices, it is indeed a matter of choice not circumstances, how we deal with a particular situation. Our attitude can influence our faith. It's up to us how to influence our decisions today, how to make a future we are dreaming about. Our attitude can change everything. You don't necessarily have to be the best, but you can make your thinking run in a positive way, to make negative thoughts disappear. Everyone has his own specific vocation or mission in life; concrete assignment which demands fulfillment. Thus, everyone's task is as unique as this specific opportunity to implement it.

We believe schools are organizations that influence lives. At the outset, schools influence lives in such a way that they equip students with the foundation to learn and develop the broad range of skills needed for innovation in all of its forms, and with the flexibility to upgrade their skills and adapt to the changing environment.

Wisdom Global School aims at nurturing responsible citizens with a sense of patriotism and a global perspective. In principle, education is a learning progression to help learners explore their innate capacity and talents as well as develop their potential to improve and enhance sustainability in their living environment.

From Principal's Desk

Aarti Kumar

Principal

Wisdom Global School (Modipuram Branch)

Welcome to Wisdom Global School situated in Modipuram, Meerut. Our school's purpose is to educate the children of the world to take their productive place as leaders in the global community by offering our learners a comprehensive education. We are a caring community where student's needs are a priority and where traditional Indian and modern educational values are respected and encouraged to co exist. WGS offers a challenging academic environment emphasizing learning as well as social and personal growth.

As the Principal of WGS, I am delighted that the school's values align with my own personal values, including the importance of trust, respect, innovation and a sense of community. The curriculum emphasis the acquisition of knowledge, understanding, critical thinking and problem solving abilities for all students attending our school.

We believe that every learner is unique and special; they all have the ability to learn. We believe it is our responsibility as educators to nurture and develop every learner to prepare them for life . Learners are continually encouraged to appreciate our diverse community and care for others by becoming global citizens and develop a concern and active respect for the environment.

At WGS ,the educational community strives for excellence by preparing students for learning beyond their school years and assisting them to become lifelong learners, as well as helping them to be self directed, realistic, and responsible decision makers when solving problems that they will encounter in our multicultural, ever changing world. Ultimately each learner will gain from their life at school according to the effort they apply.
We strongly believe in the importance of teachers, parents and administrators collaborating and communicating openly and frequently. We look forward to serve you and your children over the coming years. I look forward to meet you.

Dr. Baljeet Kaur Sethi

Principal

Wisdom Global School (Pallavpuram Branch)

"When educating the minds of our youth, we must not forget to educate their hearts".

Dear friends

I am honoured and feel very privileged to be the Principal of Wisdom Global School, Meerut.

On behalf of the entire team of WGS, I welcome you all to the New Wisdom family. It is extremely exciting to begin our first academic year 2020-21. At WGS, the goal of education is to provide an environment to the pupils which incorporates authentic learning and personal development.

In this dynamic and constantly changing world, we fully understand that we have to be completely involved and courageous, evolving and alert to provide the best educational practices from around the country and the world. An overall holistic development and grooming is of supreme importance and we believe in producing a generation of children who understand that other people with differences can also be right. Through this approach, we aspire to create global citizens and make the World a better place to live on.

We provide Roots and Wings to our students – Roots that go deep into the ground in their quest of knowledge and wings that help them soar high in the sky.
We aim to imbibe in our students value based education using a range of Teaching and Learning approaches to produce a generation of well informed and emotionally sound citizens. We are positive that in times to come we will continue our journey of learning with students with more enthusiasm and persistently help them develop holistically.

At WGS, we aspire to encourage children to believe in themselves, to decide their goals, to reach great heights and they can... if they believe in themselves.

Our motto, "Learning Beyond Boundaries" epitomise the spirit of our school. In fact it echoes the words of APJ Abdul Kalam "Look at the Sky. We are not Alone. The Whole Universe is friendly to us and Conspires Only to Give the Best To Those Who Dream and Work".

Thus, we request you to come and have a look, see our philosophy, be one with our beliefs and understand why we stand different.

WISDOM GLOBAL SCHOOL

Quintessential Campus

MODIPURAM CAMPUS

WHY WISDOM GLOBAL ?

There are many reasons why parents choose to send their children to Wisdom Global School. We believe that young children are powerful learners who bring their own ideas and interpretations from their experiences of life. Here we let our young learners, explore themselves and discover their potential.

LEARNING
BEYOND
BOUNDARIES

ABOUT THE SCHOOL

Wisdom Global School is an English medium co- educational school Affiliated to (C.B.S.E), offering quality education with finest academic, co-curricular facilities set on a 10 acre campus area, Wisdom Global School is situated in Meerut, Uttar Pradesh region. WGS have opted for a student centric value based learning & education system with ample opportunity for individual growth and development.

WGS is designed to provide world class education, best sports facilities, A.C. classrooms, chaperoned transport system, committed and qualified faculty members.

The School provides each student, an international and exciting educational experience designed to become a caring, thoughtful, principled and well-balanced human being. Students will have opportunities to become technologically literate, learn to communicate effectively, and take risks in a supportive environment.

- **10 Acre Campus**
- **CBSE Curriculum**
- **Qualified faculty**
- **Life skill development**
- **Smart Board classes**
- **Teacher : Student Ratio - 1 : 20**

Vision

Our vision at Wisdom Global School is to empower students to acquire, demonstrate, articulate and value knowledge and skills that will support them, as life-long learners, to participate and contribute to the global world and practice the core values of the school: Respect, tolerance, inclusion and excellence.

Mission

The Mission of the school is to develop its students into responsible, well informed, environmentally aware citizens and useful members of the society, discovering and developing individual potential acquainting them with various facts of fast emerging information technology.

Motto

Learning Beyond Boundaries

WGS Emphasizes on ....

SOCIAL RESPONSIBILITY

We have high esteem for the thoughts that individuals can change the world and the group has the ability to make this a reality.

PERSONALITY DEVELOPMENT

Personality development is the relatively enduring pattern of thoughts, feelings, and behaviours that distinguish individuals from one another. The dominant view in the field of personality psychology today holds that personality emerges early and continues to change in meaningful ways throughout the lifespan.

COGNITIVE DEVELOPMENT

Thinking ability and self- esteem are closely linked at this age. School-age children can absorb new information quickly and are excited by learning. School stimulates new areas of thinking for your child, and there's a lot you can do to encourage cognitive development.

PHYSICAL DEVELOPMENT

Play is still a big part of how your child develops learning, thinking and problem-solving skills at this age.

CREATIVITY

We at WGS kindle the ignition of creativity, curiosity and interest in our students.

INTELLECTUAL

We encourage a passion for deep rooted learning by gaining skills and content required for successful and basic thinkers.

UNIQUE LEARNING ENVIRONMENT

GREAT FACILITIES

GETTING BETTER ALL THE TIME

Positive Education tells one when to speak, when to listen, and when to share. Whether child needs special care and facilities with respect to academics, sports, arts - or all of these, WGS is the place to be!!!

SMART CLASSROOMS

The classrooms are spacious, air conditioned, and well-ventilated with ample light. Ergonomically designed furniture, a combination of green and white glass and white boards and display boards, teaching aid displays, and LCD projection equipment, facilitate the learning process. All classrooms are equipped with Interactive Smart Boards.

Math Lab : The Ramanujan House

The Mathematics Laboratory, at WGS, is a place where students can experiment and explore patterns and ideas. We have a good collection of games, puzzles and other teaching and learning material procured from JODOGYAN. Workshops are organised for the faculties to provide them training regarding the practical use of these resources so that they can enrich the students with different applications of Mathematical concepts. We conduct GANIT (Growing Aptitude in Numerical, Innovations and Training) at school in order to enable students to appreciate the Mathematics subject and develop curiosity in knowing the application of mathematics in real life situations.

SCIENCE LAB : THE APJ RESOURCE CENTRE

The school has well equipped laboratories for Physics, Chemistry and Biology for Senior grades and a Composite lab for Primary and Middle School wherein the students are encouraged to learn through experiments and understand various concepts beyond their books away from the conventional classroom teaching.

Science lab equipments allow students to interact directly with the data gathered. They get a first-hand learning experience by performing various experiments on their own. Students are made to use the models and understand different scientific theories and concepts, thus making teaching and learning easy both for the teachers, as well as for the students.

LIBRARY CUM RESOURCE CENTRE

The library cum resource centre is provided with an extensive range of reference books, newspapers, magazines, periodicals, educational CD's, computer workstations, printer and photocopier. There is a computer aided referencing system, which enables students to rapidly locate books of their choice. As part of the focus on e-learning, students are encouraged to use the internet and to access online international libraries for information.

THE ART STUDIO : AESTHETICA

Art speaks where words are unable to explain - Artist Mathiole

In order to develop the aesthetic sense and provide practical experience through a Programme of Art and Craft, we at Wisdom Global School, introduce the practical world of arts and creativity through a well-planned and structured curriculum in an environment where a child can express himself freely through a variety of mediums.

We use real life displays and models to help the students learn better. At Wisdom Global School, art plays an important part in the development and enrichment of students. We believe that the arts should touch the lives of as many students as possible. We are committed to a philosophy wherein excellence is promoted whilst encouraging and enabling all the students to experience the joy of Arts.

THEATRE, DANCE AND DRAMA: THE OPERA

All the World's a stage - Shakespeare

The performing skills of the students are regularly developed at WGS. Ongoing stage performances are a regular feature of the school which help students to build confidence and self esteem. They learn how to work as part of a team and coordinate among the peer group. They also learn about stage craft, acting lessons and different dance forms.

Every child has his own true calling. It is our responsibility to encourage children to find it by guiding them and providing them with a platform. We encourage students to explore their creativity. Theatre, Dance and Drama form an integral part of our co-curricular education. Students are offered opportunities through regular assemblies, workshops and major public productions to present and perform.

THE MUSIC CENTRE

Music Gives a Soul to The Universe, Wings to The Mind, Flight to The Imagination and Life to Everything

To foster emotional and practical maturity, personal and intellectual development in students, Wisdom Global School emphasises on imparting appropriate music lessons in classical , folk and western genres.

Through the music course students develop their knowledge and potential as musicians, both personally and collaboratively. They develop communication skills which provide them with the opportunity to engage in music for further study, as well as for lifetime enjoyment.

Apart from vocal, we provide various instruments for the students

Guitars	Drums
Piano	Keyboard

INFORMATION TECHNOLOGY (IT)

Information Technology has become an essential tool for education today. At WGS, all classrooms are equipped with Smart Boards. The hard core teaching material is complemented with e-resources. Students use a variety of online tools and apps for reading, writing, assessing and making connections with the outside world. Use of audio visuals is a regular feature of classroom teaching and learning processes. The school has installed more than 50 computers in school Computer Lab and the different classrooms to provide each student enough time to practice and master computer skills at an early age.

We, at WGS, ensure that all the students are benefited from the latest technological advances. The students have access to internet through a powerful campus network.

GUIDING COMPETENTLY

- Our Educators in the classroom
- On Sports Field
- A Committed Academic Body

OUR EDUCATORS

What's the secret of our teaching success! At Wisdom Global School, there always exists a promise and possibility in our energy and care, and warmth in our encouragement. These qualities are essential for successful teaching and learning!!! Students' progress is continuously monitored in scholastic and non scholastic areas, and a comprehensive report is posted online at the end of every milestone test and exam for parents' reference.

IN THE CLASSROOM

An optimum student strength of not more than 20 ensures that the faculty is able to focus adequate time and attention on their students. Teachers work closely with students in the classroom and one-on-one in small groups outside the classroom, to support their english language needs in listening, speaking, reading and writing. In addition to having an outstanding experience and qualifications, our educators contribute to the overall learning environment to build bright future citizens.

Each teacher plays the role of a 'mentor' and takes on responsibility of grooming children in his/her field. Apart from academic faculty, Wisdom Global School brings the expertise of trained counselors to help students in personal, academic and career guidance. Guest lectures also figure prominently on the programme schedule. Lecturers are picked from a variety of backgrounds ranging from successful businessmen to inspiring leaders and motivational speakers. Regular career counseling is also provided to the students.

ON THE SPORTS FIELD

Wisdom Global School has assembled the finest National and International coaching and instructional staff who possess an immense experience in their individual sports they help students to achieve great heights.

A COMMITTED ACADEMIC BODY

The school has an extremely qualified and committed faculty. In fact, the recruited staff has ample exposure to the international educational systems in India and abroad. They are trained in the activity-based learning and teaching method. In addition, lesson planning, classroom performance and contribution to co-curricular activities are under constant supervision of the Principal and Co-ordinators, who believe that the quality of teaching and learning must be of the highest order-day-by-day, hour-by-hour, and lesson-by-lesson. The school is also committed to staff development through a wide range of on-going in-service programmes and workshops, which cover not only academics and pedagogy but also areas such as career counseling. The staff and student ratio is 1:20. Hence, each child receives individual attention and feels comfortable to approach teachers for help in and out of classrooms.

WISDOM
Global School
Affiliated to CBSE - New Delhi

Wisdom Global School is affiliated to the Central Board of Secondary Education (CBSE). Affiliation No. 2133171 | School Code : 61242

THE KIDS PLANET

Pre-Primary wing is spacious and colourful. The theme based classrooms are perfect for opening up the children's world of fantasy, creativity and imagination. An array of fun activities is planned for the children to broaden their horizon. The play equipment's help children to explore their creative power and sharpen up their cognitive skills. Teachers are constantly involved in nurturing the building blocks of tomorrow. An indoor play area has been specially created where children play and learn with interactive teaching aids.

PRIMARY

At this level emphasis is on a 'development based curriculum' and students are taught the essential concepts of the subjects. The progressive assessments are conducted, the result of which are communicated to the respective parent of a partnership between them and the school.

Emphasis is also laid on developing positive attitude and healthy habits among students. Apart from preparing students for academics they are also taught the importance of dignity, honesty and high moral fiber.

MIDDLE

During this period the students intellectual, aesthetic, physical & cultural growth & development are intensified is extended to a foundation course designed to suit students from all educational background. A smooth transition from childhood to adolescence is facilated by imparting comprehensive values & need based education.

SECONDARY

A warm welcome to the Secondary School. We cater to the needs of students from classes VI to X based on the guidelines of the C.B.S.E. Our educational programme is designed to build on and enhance the skills acquired in the primary school. Special care is taken to empower students to discover and nurture their special talents and passions.

Students are groomed to appear in various competitions according to their aptitude. Provision for taking various entrance exams is made. Professionals from various fields- medicine, engineering and commerce- address our students and offer guidelines and provide a stimulus for successfully clearing these exams.

SPECIAL FEATURES @ WGS

SPOTLIGHT - THEATRE AND DRAMA PROGRAM

Spotlight, at Wisdom Global School, is a Speech and Drama based program which aims to evolve and nourish the life skills of children.

We encourage our children to be Innovative Thinkers, Effective Communicators, Creative Problem Solvers and Informed Decision Makers through a process of first reading good literature and poetry and further transforming reading through creative drama into real life experiential engagements.

The Communication skills of our children are enhanced through drama games which focus on voice modulation, pronunciation, voice projection, pitch, intonation, stress and pause. Self confidence and public speaking skills of the children are built through several engagements like Group Discussions, Mock Interviews and Negotiations. Reading aloud, story telling, drama project and brainstorming are an integral part of curriculum.

HOLDING HANDS - PARENT SUPPORT PROGRAM

An open, supportive relationship between teachers and parents is essential for providing optimal conditions for the positive growth of their children. Our parent education classes contribute to an atmosphere in which each child can realize his or her full potential.

Holding hands is a parenting program curated for Kindergarten kids (years 2 - 5). This is an age-appropriate curriculum based on the developmental milestones of Early Years Foundation Stage of UK providing a range of meaningful activities for child's personal and socio-emotional development with appropriate focus on child's expression, language and pre-numeracy skills.

Our Holding Hands Program is an option for parents to accompany the child in the settling down journey and further a peep into the classrooms on special days like Sit-In days, Coffee Mornings and Open House to get familiar with the teaching and learning engagements at WGS. We offer this flexibility to meet each child's individual needs.These parenting programs regulate parenting sessions to equip the parents for the needs of the growing child.

THE STEAM CHALLENGE

STEAM is an acronym for learning about five specific areas of curriculum – science, technology, engineering, art and design and mathematics. These five disciplines are integrated in our everyday lives and many important jobs. STEAM learning usually incorporates activities that encourage knowledge of everyday problem solving and critical thinking.

Students, at WGS, are engaged in activities that combine different elements of STEAM and experience guided inquiry in which they ask thoughtful questions, discover answers, apply what they learn, and solve problems creatively. STEAM projects give students a chance to engage in hands-on, experiential learning.

STEAM also offers meaningful collaboration to our children. Many STEAM projects involve teamwork and thoughtful dialogue in which students exchange ideas and discuss ways to problem-solve. Students experience trial and error, learn how to take risks, and figure out how to really "think outside the box". Using art in STEAM projects helps our students understand how varied the arts are, and how they're an integral part of products that involve engineering, technology, and mathematics.

TECHNOLOGY AT WGS

Technology is an engaging and useful tool to practice essential, traditional skills. From primary school upward, WGS students learn to write stories using online apps like Bookcreator, Storybird or Storyweaver. Students from Grade 4 onwards are exposed to robotics using a wide variety of software kits.

WGS recognizes the importance of getting children to read and in addition to the generously equipped libraries of books, we draw upon online reading through using e books in primary and research through online databases like Jstor.

Use of technology is greatly helpful to assess the students' understanding. Teachers use different online tools such as Kahoot and Google forms to make the assessments interesting and meaningful.

Technology also helps our students make connections with the world outside. Students interact through Skype and exchange ideas with classmates around the world. Collaborative learning is supported through Padlet or sharing ideas on Google Docs, Class blogs and students' self created websites.

Our 'real-time' reporting system is also fully computerized, enabling parents to track their child's progress online. The school ERP helps parents access their child's progress on hand mobiles. Safety and security of the students is our prime concern .The exeat cards provide quick notifications to the parents about their child's arrival and departure from school.

CLASSROOMS BEYOND WALLS

We believe learning happens everywhere. We provide Hands on experience of the concepts taught in classroom. As our campus is student-friendly, with universal access to IT and other technological support, students become aware from the outset that learning can and should be 'Anywhere-Anytime'. Campus visits and Field trips are an integral part of curriculum.

Outdoor Learning helps people of all ages, backgrounds and abilities to reflect and learn about themselves, each other and their environment. The positive memories and lasting benefits impact academic achievement, new skills learning, personal and social development, care for the environment, career and professional development, wellbeing and mental health.

ABACUS

Abacus is the simplest calculating tool invented 2500 years ago for trade and engineering. With the help of an abacus, simple arithmetic is easy to learn. Enrolling your child (4 to 10 years) in our ABACUS classes can help them to bring up their speed, confidence, memory and concentration level to new height.

VEDIC MATH

Vedic Math helps to calculate difficult problems at much faster speed because of smarter ways then the modern methods which are taught in schools. Vedic Math originated from India consists of 16 sutras. It is very useful for a child aged 10 and above years of age. These techniques will be very helpful for the child to crack any competitive exams or to perform any mathematical equations in a matter of seconds if practiced from young age.

ROBOTICS CLUB

Robotics club is a year long robotics program aimed at implementing technology enhanced learning in classrooms. It aims to promote robotics as a tool for application of concepts learnt by students in classrooms using STEM (Science, Technology, Engineering and Mathematics) integration by creating multiple intelligence based learning environment.

Robotics also provides an opportunity to rediscover and redesign learning by engaging students in an inquiry based approach to collaborate and be creative in solving open ended robotics challenges. It is best suited for Challenge Based Learning and Problem Based Learning.

ACADEMIC EXCELLENCE

- CBSE pedagogy with global perspective.
- International Learning Methodology Jolly phonics (UK)
- Periodic Assessment - Weekly chapter wise test.
- Reading enhancement and vocabulary accumulation.
- Opportunity to learn International Language like French
- Special care for oral and written English.
- Specialized and customized daily lecture.
- Delivery based on multiple intelligence and Bloom's Taxonomy.
- Abacus and Vedic Mathematics integrated curriculum.

SCHOOL HOUSES

The entire school community is divided into four houses. Aastha, Anubhuti, Sanskriti & Sabhayata. Each House has House In Charge to guide the students and to foster a spirit of leadership, captaincy, co-operation, mutual understanding , tolerance and self reliance. Various Inter House activities are organized to build up team spirit. Besides this, the students are initiated into community service and social work. The House system begins at the primary level and is carefully monitored at every stage and the details are recorded at every step. The House Captain and Vice House Captain act as a link in Wisdom system acting as friend , philosopher and guide.

AASTHA ANUBHUTI SABHAYATA SANSKRITI

TRANSPORT

Wisdom Global School is providing a completely facilitated transport service covering all major areas of MEERUT city with different stops at regular and punctual time intervals for picking up students and teachers .The School stands committed towards the safety and security of its students. Following the guidelines reiterated by the Hon'ble Supreme Court of India, the School has hired a fleet of buses with Speed Governors and GPS facility thereby, giving parents and school administration a chance to know the location of the school bus. Apart from police verified trained and experienced drivers; there is also a lady bus attendant to look after the students in the bus. All the fire safety norms are being followed and a fire extinguisher and a first aid kit are available in each and every bus.

First Time in Meerut

EXTRA SAFETY

For Your Loved Ones

Security of the student is of prime importance. Outsiders/strangers are not allowed to enter in the school premises during working hours. The gates are guarded by security personnel.

To create awareness among the students to respond carefully and swiftly in times of emergency, WGS conducts workshops on Fire drill. In this students learn about precautions to be taken to avoid fire accidents, methods to control the fire using sand and water.

Pride Moment
Won IV Inter School Open Skating Championship

Held at Wisdom Global School Campus

It was a big day at WGS. The day marked "The Inter School Open Skating Championship' and it began by the blessings of almighty followed by a welcome address. Mr. Amar Ahalawat, Managing Director of the school and Mrs. Aarti Kumar, Principal of the school presided over the function. More than 350 students from various schools participated with full enthusiasm and energy as winning was the spirit of the day for every participant under the support of the coaches. The wild cheering of the parents and their students fulled up the atmosphere with encouragement and motivation. On the occasion, Brig. M. S Dhaka congratulated the winners and encouraged all the students to take part in the games and other co-curricular activities whenever and wherever organized. Medals and Certificates were presented to the winners. The Runner Up Trophy was bagged by Radha Govind Public School. It was rewarding day for entire WGS Family as our students not only won medals in different categories but the Overall Winner Trophy was bagged by Wisdom Global School, Modipuram Meerut.
